5. APPLICATION CHECKLIST

PRE-ACCEPTANCE SCRUTINY CHECKLIST	YES	NO
Application forms to be completed and signed. No faxed copies		
A copy of contract/lease agreement signed by the owner of property (landlord).		
A copy of Title deed of the property		
A comprehensive motivation in support of the application.		
Artist impression / Suitable photographs to assess visual impact of the sign.		
A locality plan at an appropriate scale, with GPS coordinates which clearly indicates the position of the proposed sign in relation		
to existing structures, existing signs, traffic signals and roads.		
Approval letter of EIA from the Free State Department of Agriculture, Conservation and Environment in terms of the NEMA		
Regulations (GN-R385 and GN-R386, 21 April 2006)		
Elevations and sections of sign to be fully dimensioned and also indicating existing building/structure.		
Method of illumination		
The applicant's attention is drawn to the fact that the structure for remote advertising is approved for a 5-year period only.		
An Engineers stability certificate is required for signs exceeding 4m in height.		
Permission is required from the adjacent landowner if the sign is encroaching.		
GPS Coordinates are required for all Billboard structures		
Zoning map of area
